

BY THE

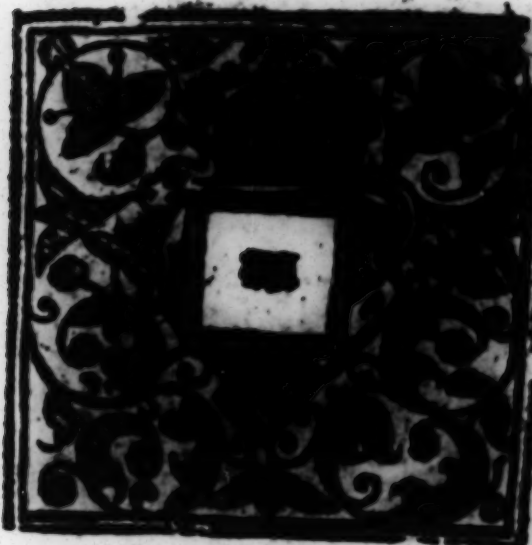

Lord Lieutenant

AND

COUNCIL.

PROCLAMATION.

SYDNEY,

Whereas his Excellency and this Board have taken into
it under their Consideration that it should be for
the Benefit and Advancement of this Kingdom, and be
a Means to preserve the Coins now in Use, in specie
of the piece of Gold called Guinea, there contained
to Three and Twenty Shillings and Six pence, and
the Plate-Golds full weight to Five Shillings; Of
which some persons having gotten notice, do make
this Use of it that they Refuse for the present to buy
any of the said Money, and thereby much Obstruct the

Trade and Dealing in this Kingdom; his Excellency and this Board upon
full Consideration thereof are of Opinion that the Raising the Value of the
said Coins in this Kingdom, will neither Advance the Coins already, nor be
of any Advantage to their Majesties Subjects; And therefore they do not In-
tend to Make any Alteration therein.

Given at the Council Chamber in Dublin the 17th. Day of February, 1691.
